Mount Pleasant High School  
Wilmington, Delaware 19809

Members of the yearbook staff spend time after school working hard.

Sports teams practice after school to improve and reach their potential.

Lauren DeBlasio diligently studies to further her academic achievement.

Brian McGovern runs with the ball as the football team charges on.

# On We Charge!

As students enter Mount Pleasant, a certain attitude will become evident. In all aspects of school life, students have something in common, they accept challenges and persevere. This can be seen in diverse and numerous ways, from our sports teams which inspire our athletes to perform to the best of their abilities, to our teachers who bring out the academic capabilities of students, everyone in the school continues to move on toward excellence. Many organizations enable students to help others and achieve goals, leading the participants to great success. The symbol of our school, the knight, exemplifies this characteristic by continuing to charge, as students do, with a feeling of "On We Charge"!

# Mrs. Stanley — A Teacher Who Cares

Mrs. Stanley is always willing to extend her time and talents to help students.

## Dedication

Anyone who has ever had her for a teacher or has dealt with her in one of the many things she does outside of the classroom would say she is extremely kind and caring. She is a friend to everyone and is always willing to go out of her way to be helpful. Her rapport with students and her contributions to the school certainly explain why Mrs. Mary Stanley is the recipient of the 1987 Yearbook dedication.

Mrs. Stanley graduated from Mace's High School in Cambridge, Maryland. She then attended and later graduated from Delaware State College. She began her teaching career 16 years ago and has taught at Mt. Pleasant for the past seven years. In addition to fulfilling her duties as a teacher, she is active in many other facets of life at school. She runs Stanley Inc. which is a business in which students participate by doing such things as

writing business letter for companies. She has been in charge of the Smoke Out day at school. She has also been in charge of peer counseling, making that a very successful organization.

Because of Mrs. Stanley's generosity and willingness to help others, she has brought many valuable things to our school. We are proud to dedicate this yearbook to such a worthy individual.

# Senior Court

A Place Of Respite

Students take advantage of good weather to go outside and socialize. The senior court offers an excellent setting for this popular pastime.

# What Goes On

## Outside

## Closed Doors

One of the many benefits that comes with being a senior is the privilege of using the senior court. This outdoor area, enclosed by the school, serves as a place for seniors to find quiet and solitude during their busy days. Seniors who have a studyhall

are permitted to go to the senior court during that free period. There are benches to sit on and a multitude of trees. This scenic area is used for studying, doing homework, or most likely talking

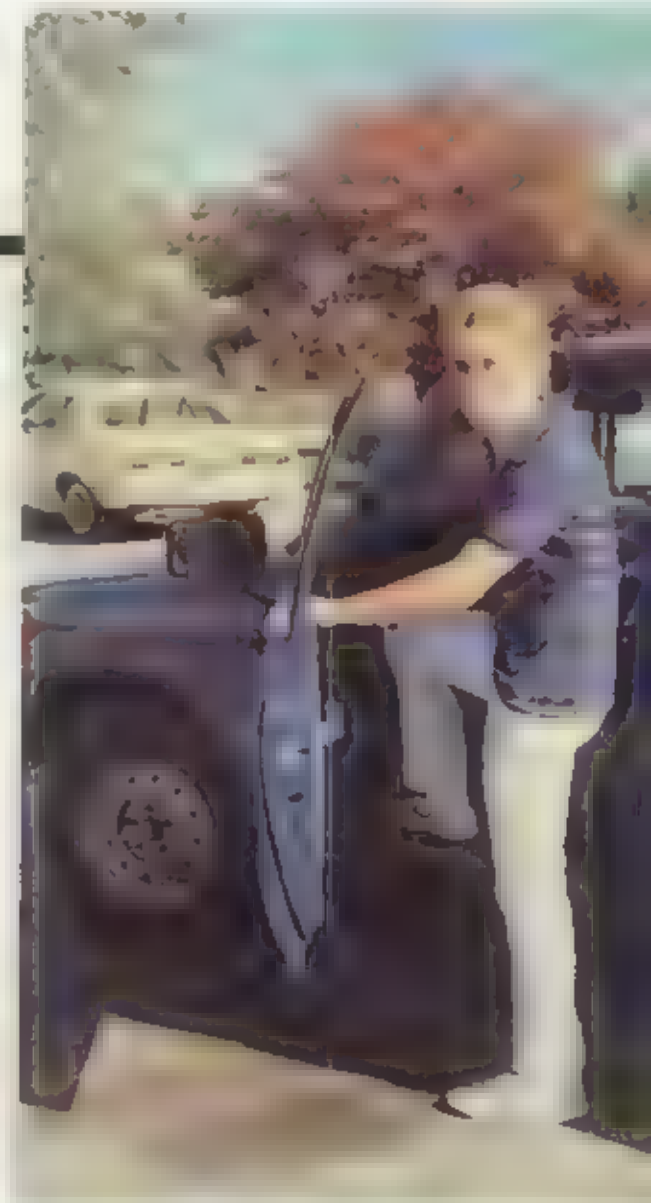

# How About A Lift?

Does a 9 month paid vacation sound too good to be true? It's true when you attend Mount Pleasant Senior High School. First, we must make our travel arrangements. You decide to take a bus. As you stand, anxiously waiting in the early morning fog, you

see flashing yellow then red lights. A door opens on this yellow wonder and a voice bellows, 'Welcome Aboard'. You realize that your host, the bus driver, will take you safely to your destination. Of course, if you would rather live dangerously, you decide to choose your own method of transportation. Bicycles, skateboards, roller skates, or just walking are popular. Many travelers have a death wish, they drive their cars or trucks. Pedestrians watching think the Grand Prix is being held on Washington Street Extension. Rubber burning, brakes

screeching, and other sounds can be heard. Slamming doors echo all over the parking lot. People getting out of cars and jumping out of trucks are racing for the front entrance

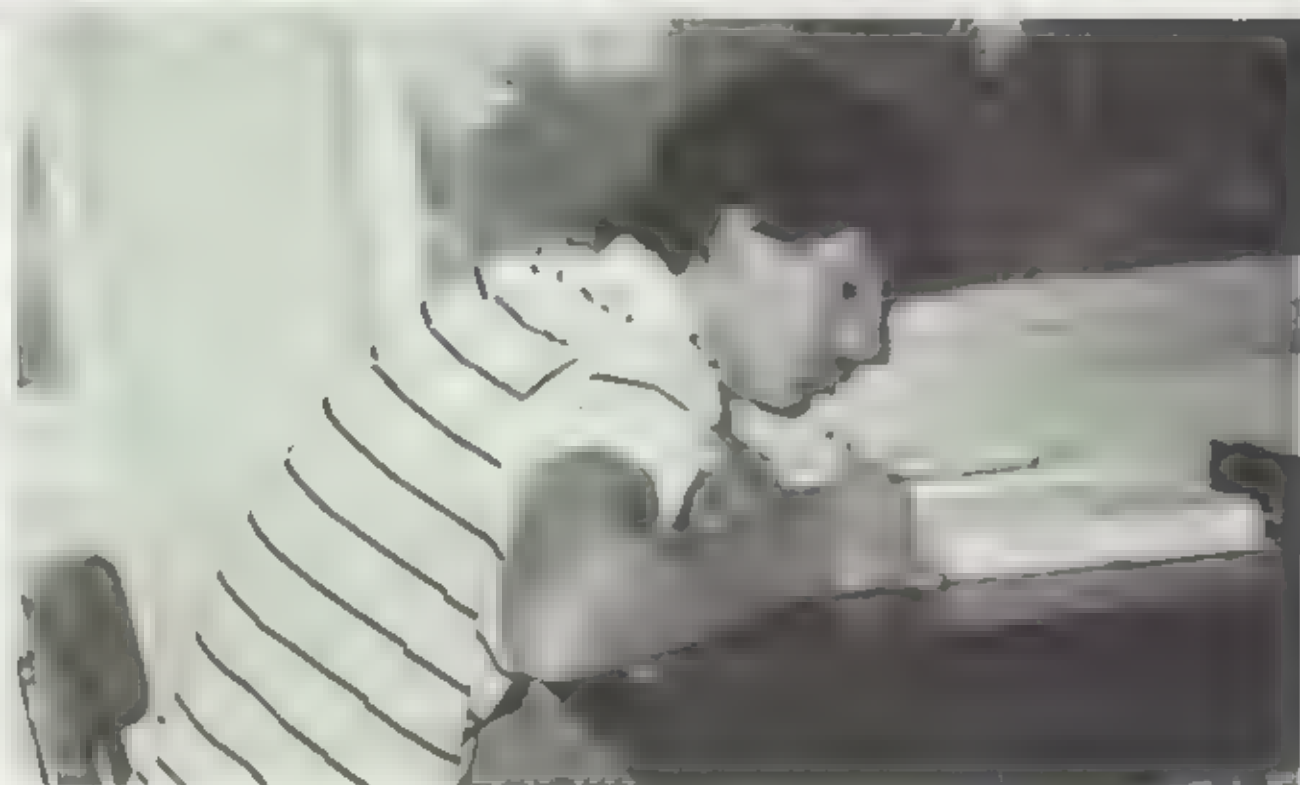

# Did You Study?

Did you ever have that sinking feeling that you forgot to study for a test or to write a paper? Then, it hits you, when one of your friends innocently asks you if you studied for the test! \*#@&!!?! And you once again resort to the age old technique of cramming.

For the well organized people of the student body, cramming is the art of filing massive amounts of information in the brain (for instant recall) in an extremely limited amount of time. Cramming can take place anytime and anywhere

The person doing it wears that identifying look of pure desperation. These people can be seen at their lockers, in homeroom, during lunch and even in other classes. The result of this nerve-wracking effort is hopefully (with a bit of prayer), a passing grade

I know my notes are here somewhere!

Is this the same test I studied for?

# Lunchtime

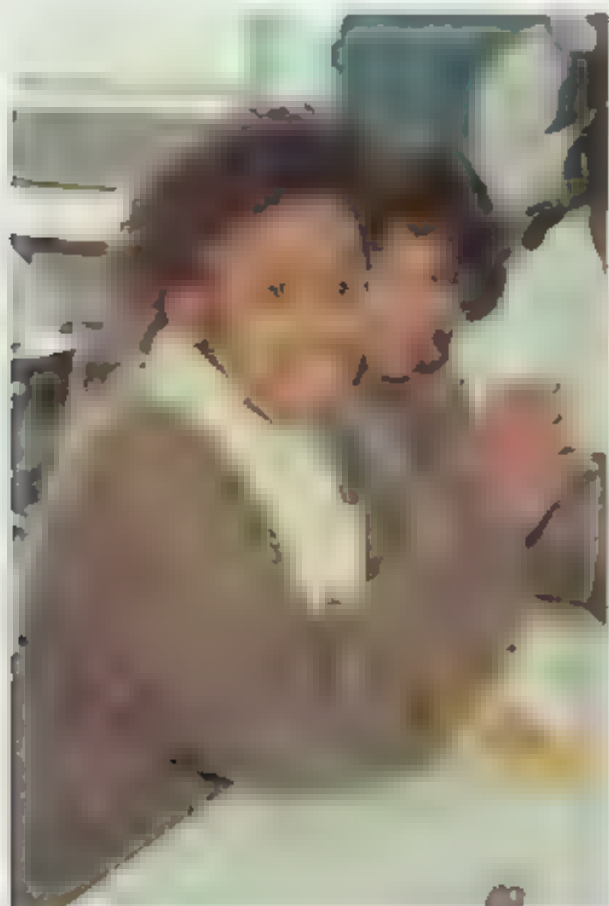

## Everyone's Favorite Class Of The Day

At Mount Pleasant, just like any other school, lunch is the time of day when everyone is happy to be where he is. No one tells you to listen and you can talk as you please. The conversation differs from table to table but the basics are the same, where everyone was this weekend, who is seeing whom, what he said about her and what she said about him.

Watched over by Mr. Sterling, Mr. Fantine and a host of other teachers, the students calmly eat their lunches occasionally we have an outbreak of high-spiritedness. These episodes are

usually subdued by reproachful glances from our administration and lunch continues.

If you'd rather not sit in the cafeteria, students can also spend their lunch break out on the smoking court or in the student center. Students occupy their time during lunch doing a variety of things. Besides holding a normal conversation, there is the all popular last-minute rush to get your homework done. These attempts, no matter how valiant, seldom turn out to be successful. Too many conversations are

Nikki takes a lickin' and keeps on tickin'

Finding time for friends

floating through to be able to keep your attention focused on the math in front of you. Several attempts at studying for tests can also be seen. These efforts are also usually in vain.

However you spend your lunch period, it is a time to relax, enjoy friendships and ponder what lies ahead in the day.

# Do You Wanna Dance?

One of the most popular social events at Mount Pleasant is the Saturday Night Dance. Besides having a fun time, students are able to raise money for various organizations. Most of the dances are held on Saturday nights from 8-11 pm. Anyone is allowed to attend including students from other schools provided they have

a Mount Pleasant student with them. The admission fee varies between \$2.00 to \$2.50. A wide variety of music is played allowing students to dance in a variety of ways. School officials such as Mr. Sterling and Mr. Fantine watch over the students as they liven up their Saturday night.

# They Work Hard For Their Money

Most of Mount Pleasant's seniors, juniors and sophomores have their own jobs. Many students are employed by restaurants, fast-food chains, department stores, and privately owned businesses. Most of the working students hold their jobs after school. As a result of their busy schedules, there are times when they have to miss sporting events, meet-

ings, and other social activities

In addition, other Mount Pleasant students are involved in the CO-OP program. The CO-OP program demands that students go to work part time and go to school part of the time. All of our student job holders accept many responsibilities, earn their own money, and get a taste of the "real world" in the process

Most Students enjoy their work as well as the monetary rewards

# All In The Name Of Fun

Ah Halloween, that famous day of tricks and treats . . . . This is the day bewildered freshmen gaze around and wonder why none of the seniors look like themselves. This year was no exception to the traditional Halloween dress-up day for the members of the senior class. Many students could be seen roaming the halls in costumes

ranging from clowns and Gumby to gangsters and the Grim Reaper. The students at "A" lunch had a little excitement when Amy McBride, dressed as a Christmas tree, plugged herself in and lit up in various colors. Mr. Sterling, with the aid of a few students, took on the difficult task of choosing the winners of the costume contest

After selecting semifinalists, the three finalists were chosen. The winners were Doug Daum, dressed as an elephant in a tutu; Shannon Lee, dressed as Gumby; and Amy McBride, dressed as a Christmas tree. The day turned out to be a great success due to the enthusiasm of the seniors who participated in this unusual event.

# Homecoming: A Tradition Continues

Homecoming began a week before November 8, the day of our Homecoming, with the announcement of the final 10 Homecoming Queen candidates. The school halls were covered with posters about the big dance and the football game. Everyone was talking about it and trying to find out who was going with whom to the Homecoming dance.

Friday night a bonfire was held and the court and football team were introduced to the crowd. The field hockey team was recognized for their eligibility to play in the state tournament.

The fans started to leave us as the fire went down, only to meet again the next morning for the rest of the Homecoming activities.

November 8 was not the day for which we had hoped. It was raining, which led to the canceling of the parade. The football game against Archmere began with our choir singing the Star Spangled Banner. Mount Pleasant struggled to beat Archmere, but in the end, the score was Archmere 16 Mount Pleasant 0.

At half time, the band chose not to march on the muddy field, but played

their half-time show in the stands. The court did not walk across the track because it was so muddy. Laura Albers, the 1985 Homecoming queen, crowned the 1986 Homecoming queen, Gina Sheldon. The crowd cheered as Gina's name was called. There were people crying for her in excitement. After receiving many hugs and congratulations, the queen and court returned to their seats in the stands. They did not ride around the track because of the mud. Only the floats were driven around the field.

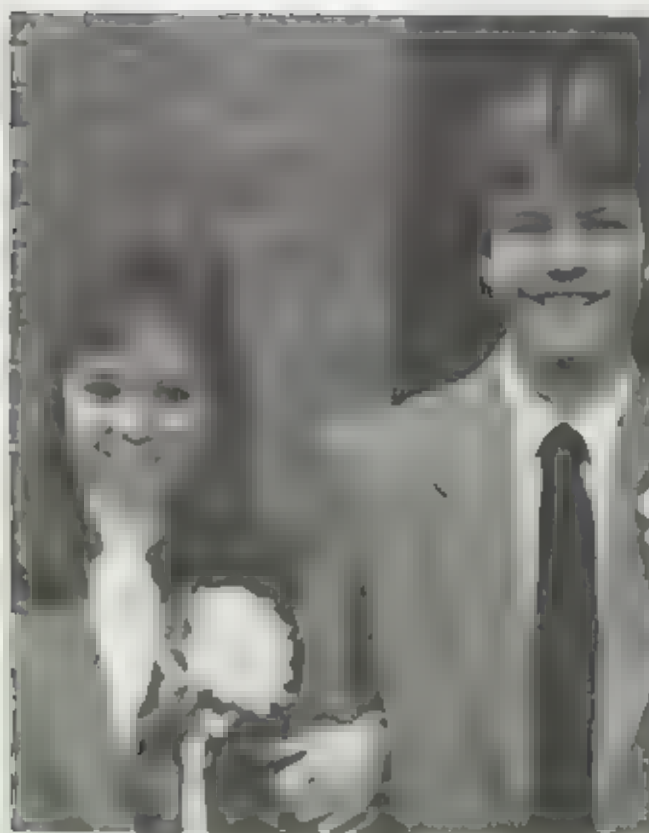

Even heavy rain and fog could not dampen the spirit of excitement felt by fans, Homecoming court, and cheerleaders alike.

# Homecoming Court 1986

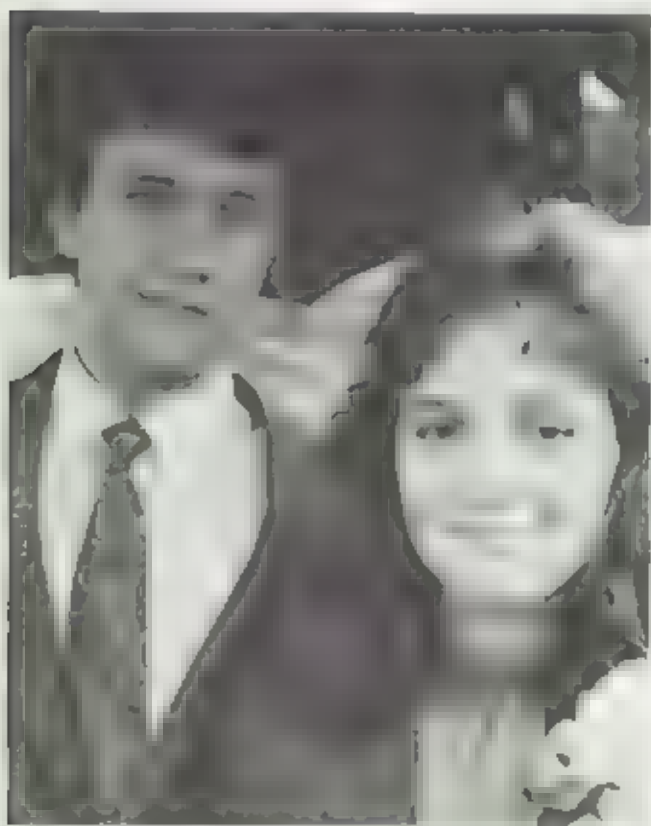

Kelly Devlin, daughter of Nancy and Edward Devlin, was escorted by Scott Harris. She was a member of the field hockey team. Kelly wants to attend college and pursue a career in nursing

Buffy Hague is the daughter of Richard and Diane Greenberg. Buffy enjoys the beach. She participates in DECA, choir, drama, and peer-counseling. Buffy was escorted by Casey Jones

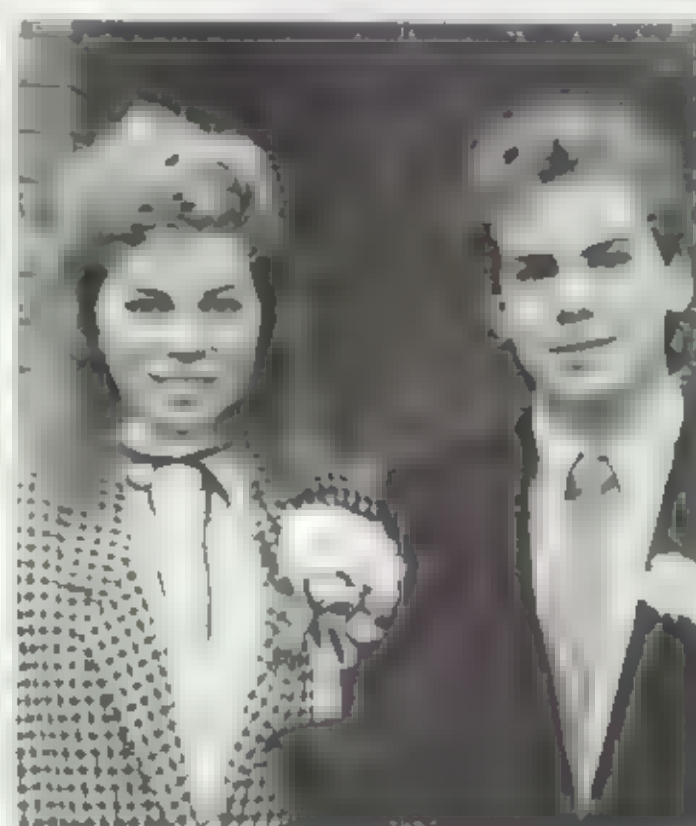

Monique Matthews was escorted by Andre Johnson. She is the daughter of Janice Matthews. Monique was a member of the cheerleading squad. Monique wants to attend college and pursue a career in broadcasting or acting

Lisa Myers is the daughter of Barry and Elizabeth Myers. Lisa is in the band and on the tennis team. She is also captain of the swim team. Lisa hopes to attend college in the fall. She was escorted by Paul Nehlen

Jennifer Singleton, daughter of Charles and Constance Singleton, was escorted by Franklin Hall. Jennifer is a member of the volleyball and track teams. She participates in peer-counseling and the band

Bridget Broadbent was escorted by Art Bennet. She is the daughter of Walter and Lizzie Broadbent. Bridget enjoys parties, tennis, and the beach. She hopes to attend the University of Delaware in the fall

Brigitte Anderson, daughter of Woody and Diane Anderson, was escorted by Jamie Soutar. She is a member of the volleyball, ski, and softball teams. She also participates in the choir, chorale, student council, and student services. Brigitte would like to attend college, then teach or coach.

Romie Kuska, daughter of Reinhold and Hermine Kuska, was escorted by Ken Crovetto. She was captain of the fall cheerleading squad. Romie is also a member of ski club and the tennis club. She is Secretary of the Student Council. Romie hopes to attend college in the fall.

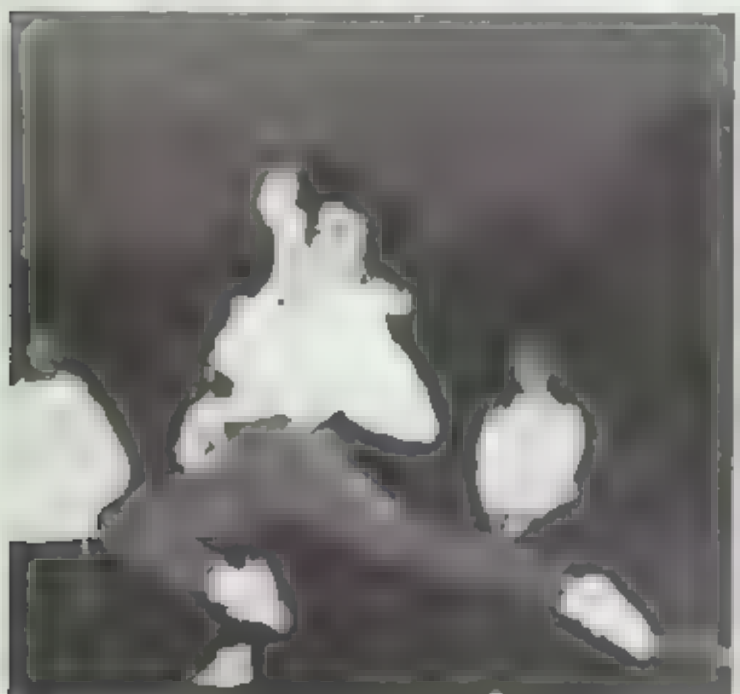

Robin Warwick is the daughter of Frederick and Diane Warwick. She was a member of the cheerleading squad and softball team. Robin also participates in the band and choir. She hopes to attend college in the fall. Robin was escorted by John Potter.

## Gina Sheldon: Homecoming Queen 1986

Homecoming queen, Gina Sheldon, is easily recognized by her smile and friendly personality. She is the daughter of Mrs. Sharon Young and Don Sheldon. She was escorted by Sid Williams. In her spare time, Gina enjoys designing clothes, painting, and sketching. She plans to attend an art college to pursue fashion design. Once again, congratulations Gina!

The Homecoming dance, sponsored by the cheerleaders was a fitting end to the day's festivities. The theme of the dance was "A Knight in the Orient". This semiformal dance featured music by Silver Sound. The dance lasted from 8:00 to 11:00 and was very well attended. The 1986 Homecoming activities were all a great success. The traditions which have been established in the past few years will make Homecoming something well worth coming home to in the future

# MTP Shows Holiday Spirit

Once again, the Mount showed its school spirit during the holiday season. Student Council sponsored activities that not only helped others (such as adopt-a-family), but also spread good cheer throughout the student body. Spirit links decorated the tree that graced the front lobby and the classes once again decorated their respective halls. The climax of the Mt Pleasant holiday season was the annual Christmas concert given by the band and choir on December 22.

The annual Alan "Mike" Shaw Memorial Scholarship dinner was held in the school cafeteria, immediately preceding the Holiday Concert. The dinner, organized by Mr. Huffman, was held for the first time, last year. The dinner has attracted over one hundred supporters. Many teachers and students participated in different ways, including making meatballs and desserts or washing dishes. The money raised from this worthwhile event will be presented to a cultural arts student in the form of a scholarship.

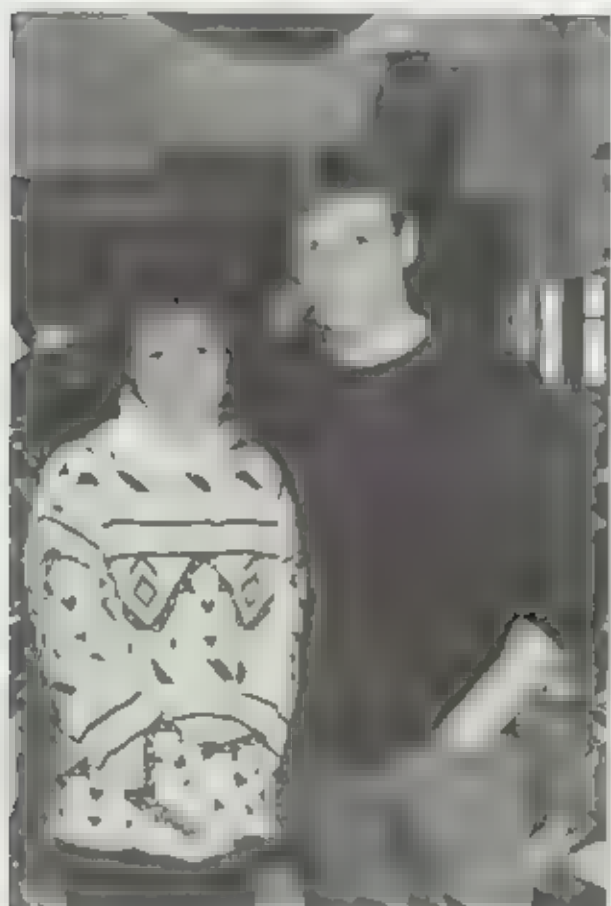

# There's No Business Like Show Business

This November, Mt. Pleasant students have had an experience they will not soon forget. They were background for an ABC Afterschool Special titled "A Class Act". It all began when casting director Elina Desantos asked our Drama teacher, Mr. James Shoemaker if she could use some of his drama students as extras for the movie to be filmed at P.S. DuPont Elementary School. He agreed of course and from November 9th to the 16th

they worked indoors and out at P.S.

One of the scenes the students filmed was set in early September, and so they were forced to brave freezing temperatures without jackets for take after take. Our football team and band had their big break into showbiz also. They were filmed outside in the wind and sub-freezing temperatures.

Channel 6 (ABC) will air this very special program on March 18th.

## AFS

The AFS Club is an extremely active service organization within our school. Its chief purpose is to make life easier for visiting foreign exchange students in our community. Enhancing relations between American and foreign students, each member learns about and shares in the different cultures.

This year the club sponsored a trip to New York where they visited the Statue of Liberty and the United Nations Building. Also, the members plan to have a dance, take a trip to Washington D.C., and have a county picnic.

The jovial Dr. John Crum is the advisor of the AFS club. Under him serve the dedicated officers: President-Anna Butters, Vice President-Ann Kelleher, Secretary-Kelly Woodward, and Treasurer - Nic Nichols.

# Exchange Students

This year, through the AFS organization, Mt. Pleasant had an exchange student from Japan. Akihiro Yonewa, who came to the United States from Kamaishi, Japan and lived with Michael McTheny and his family. "Aki", as he is known to his friends, enjoyed his stay here in America. Even though it is difficult to leave your country and spend a year in a place where everything is so different, Aki became an active member of the school and said he was not very homesick. At Mt. Pleasant, Aki was a member of the AFS club and enjoyed playing tennis. At the beginning of the school year, he found it confusing trying to find his classes; In Japan, the teachers move from class to class, not the students. Outside of school, two of Aki's favorite things were pizza and McDonalds.

Another member of the AFS club came here from another country. Alma Campos of Culican Sinaioa, Mexico spent the year with her aunt and uncle. She found the United States to be very similar to Mexico. She felt this was due to the abundance of American television shows and the popularity of American clothing styles in Mexico. In Mexico, Alma enjoyed playing tennis and going to the beach. Here she enjoys shopping and American cities. As far as school is concerned, Alma finds her work at Mt. Pleasant challenging

## DECA

How many times have you needed a pen and only had a pencil or forgotten to cover that book? How many times would you have killed for a Pepsi at the end of the day? If you haven't had any of these experiences, then you probably have not yet visited the school store in its new location.

With help from the new advisor, Mr. Needs, and the newly elected president, John Lynch, the club has made many improvements. In addition to expanding the inventory of the school store, the membership has more than doubled in the past year.

DECA (Distributive Education Clubs of America) studies management and marketing throughout the year. They compete in state competitions where they have, in the past, received recognition for their outstanding participation.

Besides contributing to the atmosphere of the school, DECA also participates in outside projects. At Christmas, DECA sponsored a canned food drive. They challenged the school to fill half of the DECA showcase window before the club could. The food collected was donated to the Emmanuel Dining Hall, to help the needy.

## Green Flash

Once again, the Green Flash, school newspaper, had a successful year. Approximately once a month, the paper came out loaded with school news, features, sports articles, photos, and art work. Under the advice of Mrs Marjory Hutchinson, and the direction of Anna Butters, Editor-in-Chief, and Sukanya Srinivasan, Assistant Editor, the staff produced many sell-out issues. The highlight of the year was the Christmas issue, printed in green. All of the issues were printed in the school's own print shop. Mr William Crowther, with the help of his students, printed the paper.

## Peer Counseling

Peer Counseling is an organization in which students identify and resolve problems. Their activities are obvious to the school and bring about many benefits. Once again this year they sponsored the Smoke-out day at our school. Through many announcements and signs, everyone was aware of the Smoke-out. Members of this organization dressed up as cigarette boxes as a reminder not to smoke. February was Black History Month, and to acknowledge this, the Peer Counseling organization put on announcements about important black people through history.

## JDG

JDG, or Jobs for Delaware Graduates, is a program which has been designed especially for seniors. JDG provides students with helpful information concerning how to write a well constructed resume, how to prepare for a job interview as well as other basic guidelines and suggestions that will help our students in obtaining a job. In addition to learning about the working world, JDG participates in other activities including state and regional JDG conferences. Securing a job can be a rather difficult task. JDG tries to facilitate this pursuit for our students.

## FLC

The Foreign Language Club was led by President Steve Chasin, Vice-President Joyce Han, Treasurer Lindsay Lowry, and Secretary Karim Enhali. The group had a very successful year with the help of faculty advisor, Mr. Hedrich, and senior advisor, Margaret Badger. Two trips were scheduled; one to New York City to tour the United Nations and to Washington D.C. to tour Embassies and museums. They also raised money by selling candy. The Foreign Language Club is an excellent way to learn about other cultures and have a good time.

## Honor Society

The National Honor Society is a service organization, founded in 1921, to promote academic excellence. In 1952, Mrs. Daisy Wallace established the Mt. Pleasant chapter of the National Honor Society. Since then, the Mt. Pleasant chapter has continued to serve the school and community. Advised by Dr. John Crum, this organization aids the school by providing tutoring to students. To become a member, students must have a 3.5 grade point average as a junior or a 3.4 as a senior to be considered. Then they must apply and be selected by a faculty committee. This year six juniors were inducted: Alisa Ainbinder, Jane Belak, Linda Bunting, Beth Huxtable, Sarah Lengkeek, and Kelly Woodward. Three seniors were also inducted: Ken Crovetto, David Vance, and Jamie Soutar. These new members were inducted at the Thirty-fifth Annual Induction Ceremony held on January 29 at The University and Whist Club. The officers gave speeches on knowledge, scholarship, leadership, and service.

## Math Team

Math team (math tēm)n. - any group of students who compete against area schools (public and private) by answering (or rather "attempting" to answer) problems pertaining to a variety of mathematical areas, including Algebra and Geometry

The Mt Pleasant Math Team, however, isn't just any group of students. The 23 sophomores, juniors, and seniors compete against students from 4 other schools in a battle of knowledge, skill, and logic. Once a month this

team, as well as the seven members of the freshman team, travel to the host school where they are given six problems and two team questions. The students are allowed mere minutes to somehow come up with the right answer to each problem. The tension builds as the teacher announces one minute left, while all are frantically trying to recall that forgotten formula or to scribble down those last calculations. The room is filled with an outburst of murmurs as "Pencils down" is called. Finally, the points are tallied, revealing the winners of the meet and of course the team to beat the next time

## Marching Band

Drum Majors: Scott Harris and Beth Huxtable

The 1986 Green Knights Marching Band under the direction of Mr. Philip A. DeFranco took the field at half-time of all varsity football games with the help of drum majors Scott Harris and Beth Huxtable. The silks were lead by captain Alison Greer and the pom pom squad was under the leadership of Carole Foerester and Lisa Lessin. Band Coordinator Lauren DeBlasio worked closely with the drum majors and Mr. DeFranco to keep things organized and running smoothly.

The band's half-time performance consisted of four numbers. The show opened with the firelike spanish tune "Durango" followed by "Spring Spectacular". This number featured a "bopping" sax section and jitter bug-

ging drum majors. The band performance closed with "Showdown" and the ballad "Brian's Song".

As well as playing during football games, the marching band competed in the Marple-Newton Band-a-Rama and the New Castle County Field Band Festival. The band received a rating of "good" at the Marple - Newton competition and then the following week topped this rating with an "excellent" at the New Castle County competition.

One of the biggest highlights of the season was the selection of the band to participate, along with drama students and the football team, in the filming of an ABC After School Special.

## Concert Band

The Mount Pleasant Concert Band, under the direction of Mr. DeFranco got off to a bright start. Since there is so little time between its marching season and Holiday Concert, the band requires devotion, eagerness and an optimistic outlook to survive the long hours of frantic rehearsal. The individuals must practice their parts separately as well as with the ensemble to make a good overall performance. As well as rehearsing one period each school day, band members rehearse every Monday night

The band participates in at least two concerts a year. It performed at the Holiday Concert in December and since then has been rehearsing for the annual Spring Concert

The dedicated band members, as well as playing, put in valuable work hours each Saturday at the paper drive. The paper drive is not only the major source of income for the band, but is an asset to the community by relieving their basements and garages of piles of old newspapers

## McDonald's All-American Band

This year, Dan Breazeale was selected to be a member of the McDonald's All-American High School Band. He received this honor by being nominated by band director, Philip DeFranco, then sending in an audition tape. He was chosen to be one of two representatives from the state of Delaware. The band is comprised of two talented high school musicians from each state and one each from the Virgin Islands and Puerto Rico. These 104 students are selected from over 4,000 nominees

Over Thanksgiving vacation, Dan traveled to New York City to perform in the Macy's Thanksgiving Day Parade and then performed at Chicago's Orchestra Hall. He marched with the band in the McDonald's Charity Christmas Parade on November 30, as well. During Christmas vacation he marched in the Fiesta Bowl Parade in Phoenix and in the Tournament of Roses Parade in Pasadena, California. This accomplishment is a great honor for both Dan and our school.

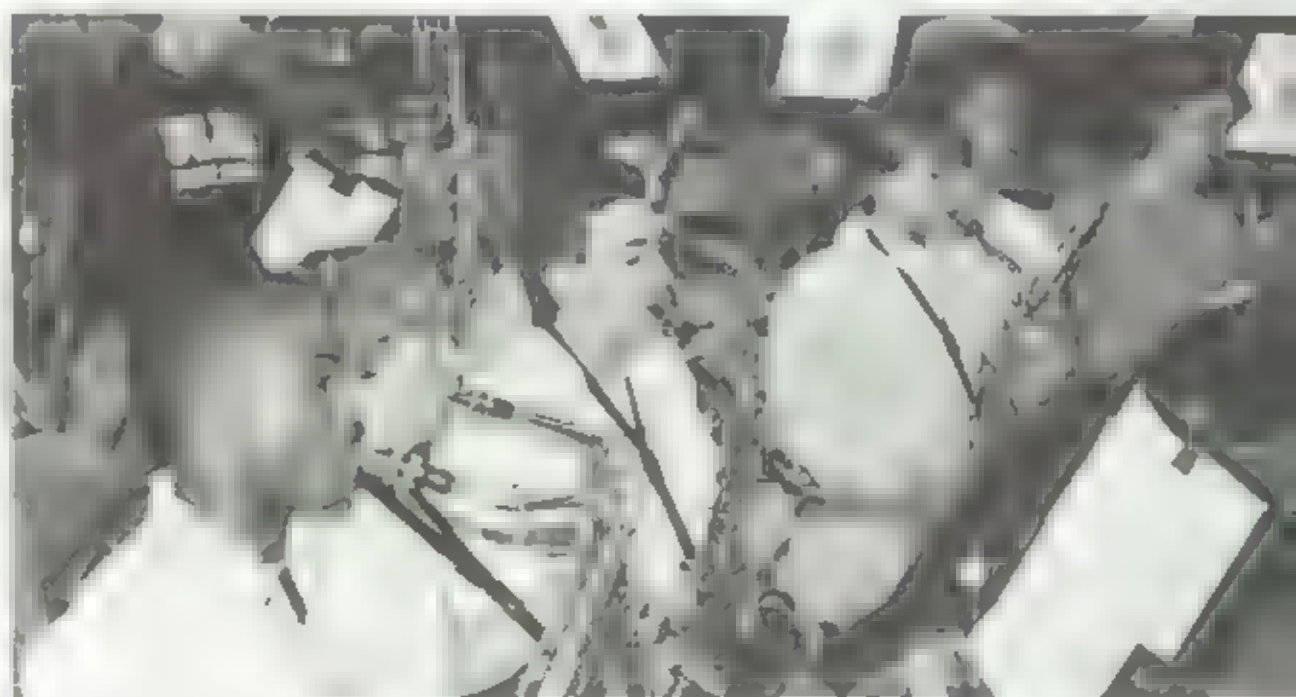

# MUSIC

## Jazz Band

The Mount Pleasant Jazz Band, under the direction of Mr. Phillip DeFranco, is comprised of several dedicated members of the concert band. The Jazz Band has not existed quite as long as the marching and concert bands, but is slowly gaining a reputation for being just as talented. Rehearsals for this group of musicians are after school on Tuesday and Friday. This year the band hoped to participate in both the Newark and Brandywine Jazz Band Festivals.

# All-State Band

Beth Huxtable All-State Clarinet  
Dan Breazeale All-State French Horn

It is a great honor to be selected to an All-State musical event. The competition is always stiff due to the fact that it includes the state's top musicians. To become a member of All-State Band, one must be talented, hardworking, and dedicated. Each candidate must memorize scales and

prepare a specific solo. The musicians with the highest scores on each instrument form the band. Senior high All-State participants were Dan Breazeale and Beth Huxtable. Junior High participants were Debbie Stabley and Jesse Guessford

# All-Eastern

Becki Foltz All-Eastern Choir Soprano  
Dan Breazeale All Eastern Orchestra French Horn

Every two years, All-Eastern Band and Choir festivals are held. Students who tried out for All-State the previous year are eligible for All-Eastern. The students who received the highest scores the previous year then apply for All-Eastern. This year, two students were chosen from

our school. Becki Foltz made All-Eastern Choir as a soprano. Dan Breazeale was chosen to the All-Eastern Orchestra for French Horn. Dan and Becki traveled to Baltimore, Maryland from March sixth to the ninth. During this time they rehearsed and had the actual performance.

## Choir

Under the superior direction of Mrs. Susan B. Smith, the choir once again had a very successful year. The Christmas season (as usual), was very busy for the choir, and took them to Harlan and Granite Run Mall among other places. The concert on the evening of December 22, brought the fall season to a close. In the spring, this musical group successfully participated in a choral festival in Florida.

The chorale (a smaller, more select group of musicians) also under the illustrious direction of Susan Smith

was equally busy during the holiday season. In addition to travelling with the choir they also performed at the University and Whist Club and St John's Cathedral. The spring will also take the chorale to the festival in Florida where they will be entered as a separate group.

Providing additional leadership to this talented group are Laura Glass, president, Anna Butters, Vice President, Karl Yngve, secretary and treasurer, and Becki Foltz, student conductor.

## SADD

SADD (Students Against Drunk Driving) is a club that has been organized by students in an effort to alleviate one of the most critical problems with which our teenagers are faced. The club is looking for as many students as possible who are willing to join in their effort to stop teens from drinking and driving. All of the members of SADD are given a contract which states that if they are ever in a situation in which they have consumed too much alcohol, they will call their parents from wherever they are. In return for this agreement, the parents promise to pick them up and drive them home. This excellent idea can be realized only with our help. Thousands of teenagers die every year in alcohol related accidents. Remember: Stay alive. Don't drink and drive.

Officers: President - Randy Smith, Treasurer - Karen Pettit, Secretary - Alison Greer, Assistant Sec. Treasurer, Kevin Wilkes, Advisor - Mr. Pinkett

Although this was SADD's first year at Mt. Pleasant, the organization has become one of the most active in the school. The group sponsored a "powder puff" football game as a fundraiser early in the year. This unusual sporting event involved many of the students and teachers. Ms. O'Connell and Ms. Greenstone coached one team while Miss Denton and Mrs. Fenicle led their team to victory. Later, SADD organized a "ghost-out" day to make students aware of the number of deaths which occur as a result of alcohol related accidents. Every 23 minutes a bell sounded indicating another death. Many of the students and teachers were amazed at the number of "ghosts" which appeared as the day progressed. The activities organized by SADD have been interesting and enjoyable while they have effectively communicated the dangers of drinking and driving.

## Ski Team

The Mount Pleasant Ski team took to the slopes once again this winter. The first two practices were held on January Sixth and Eighth. Once the team was back in form, they raced in meets, once a week for five weeks, at Chadd's Peak. They were in competition with high schools from Pennsylvania. Many of the members of the team went on a ski trip to Killington, Vermont, on January 30 to February First. The team was advised by Ms. Mary O'Connell.

## School Services

Tickets, tickets, and more tickets. That's what the members of the School Service Squad deal with. Members of this active group donate much of their spare time to sell tickets to home football games, basketball games, and wrestling matches. Under the superior leadership of advisors Jim Shoemaker, Bob Barfield, and captain Reb McClure and co-captain Sarah Lengkeek the ticket sales are handled in an efficient and profitable manner.

## Latin Club

The Latin Club, led by Mrs. Orr, is composed of those students taking Latin as a second language. Students of all grades participate in this club, which, contrary to popular belief, does many things outside the boring old classroom. The club spends the majority of its time preparing for the annual Latin convention at the University of Delaware. Here, they reenact many Latin pasttimes such as chariot races and also toga modelling. The Latin Club is a fun and interesting way to increase one's knowledge of Romans, and their ancient customs.

## WMPH

Once again, students from our school can be heard on the radio at 91.7, WMPH. The school radio station has been in existence for fifteen years. This year, Mrs. Hutchinson took on the duty of advising the station. The station had fifteen students in training to be D.J.'s. This is the largest number of students to be trained in the past three years. The station plays a great variety of music from classic rock and heavy metal, to hard core and new wave. No matter what your taste in music is, you may find it at our radio station. WMPH is a commercial free station, so you can enjoy the music without commercials. This year, the General Manager of the station is Scott Messing. The other officers are: Nic Nichols-Public Relations, Dave Kaminski-Internal Affairs, Randy Smith-Program Director, And Steve Chasin-News Director

# Student Council

## Promotes Activities And Service

The Mount Pleasant High School Student Council works in many ways to help the school as well as the surrounding community. As stated in their constitution and bylaws, they "represent the student body in relation to the administration and faculty, promote in all ways the best interests of the school and students, and unite all students into a working body under the processes of a democracy."

The Student Council is being led this year by Doug Daum-President, Ken Crovetto-Vice President, Romie Kuska-Secretary, Laura Falconi-Treasurer, and Kristin Smith-Parliamentarian. In order to help the community, the Student Council sponsors activities such as the canned food drive at Thanksgiving, and the "Adopt-a-Family" project at Christmas. They also present a gift to the school or do a

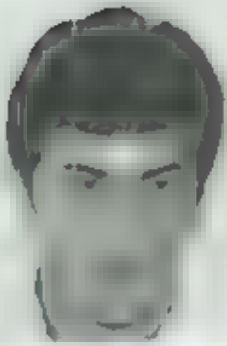

service such as the donation of the activity board last year. In addition to all of this, the Student Council sponsors many fun, spirit-filled activities in which the whole school may be involved, from class officer elections in the fall, to decorating the halls at Christmas, and an April fool's auction in the spring.

# Cross Country: Running Strong

The cross country team seldom receives any respect. The general question is, "Why would anyone want to run three miles?" Yet year after year, a group of people come together to form a team. This year's cross country team started the season with high hopes, having had all seven varsity runners

return from last year. The team struggled through a rough season with a 5 and 8 conference record and a disappointing eighth place conference finish. Despite this, everyone pulled together for an exciting fourth place finish at the Delaware State Meet

# Football Fights To The Finish

The 1987 varsity football team worked hard and improved under the direction of head coach, David Needs. With the use of a wishbone offense and strong defense, the team was able to persevere throughout the season. A look at the team's record alone does not show how the team actually did. The season started with a challenging opener against Brandywine. The knights were able to make a very good showing and gave their opponents a good fight. Many of their other games

were much the same, with the team only losing by a narrow margin. This year was the first year starting for seniors Jay Richwine, Frank Ellison, Fred Lupi, and Pat O'Connor. These players, along with returning senior starters Shannon Lee, Doug Daum, Tom Ward, Brian McGovern, and David Needs will be missed. However, with the resources of the younger talent on the team, the future looks full of victories for the Knights.

# Field Hockey Wins Flight B

Since Mount Pleasant lost six starting seniors last spring, the 1986 hockey season was to be called a "rebuilding year". However, the dedicated members of both Varsity and Junior Varsity practiced all summer long with head coach, Kaye Dunlap and assistant coach, Lolly Marroni.

The season opened on September 17 at Baynard Stadium. For a so-called

"young" team, Mount Pleasant showed extraordinary strength and courage against Concord, who scored only one goal in the last 15 minutes of the game. The team practiced diligently from 4 to 6 every day after school and on Saturday mornings. All of the team's hard work and determination paid off. On October 22, Mount Pleasant clinched the Flight B Champion-

ship, and earned a berth in the State Tournament. The dedicated team ended the season with a 7-5-1 record and an unfortunate loss against St. Andrew's school. A perfect ending to the season was the selection of nine of the team's players to the All-Conference teams.

# Cheerleaders Inspire Spirit

"This year was an experience I'll never forget". That was the general consensus of the Mount Pleasant Cheerleading Squad of 1986. Under the new management of Ms. Mary O'Connell, the cheerleaders had a very busy season. Starting with aerobics in July, then a four day camp at the University of Delaware, their season was underway. With the close supervision of their captain, Romie Kuska, the cheerleaders showed their dedication to the football, soccer, field

hockey and volleyball teams. Even during the tough times, the cheerleaders showed their spirit. They cheered in icy temperatures, rain, and even snow.

A dance, several car washes and the sale of candy and stationery provided funds for this year's Homecoming activities. Silver Sound provided the music for "A Knight in the Orient" the theme for this year's Homecoming dance.

# Soccer Scores Winning Season

The 1986 soccer team, under the coaching of Mr. Jerry Aldrich, had a very successful season. Coach Aldrich was assisted by Mr. Neil Prentice, who worked with the dedicated Junior Varsity team. Varsity captains were senior, Jamie Soutar and junior, Rick Frampton. The team, with a record of 7-5-4, qualified for a position in the

1986 State Soccer Tournament. Despite their valiant efforts, the team, unfortunately lost to St. Mark's in the first round. Rick Frampton, John Rogers and Brian Davis were elected to the All-Conference teams. Although the team will be losing seniors, Jamie Soutar, Scott Weaver, Casey Jones and Ram Srinivasan, the

participation of many underclassmen is sure to carry the team through next year. The general opinion of this year's underclass players is that the success of this season is only a glimpse of what they can accomplish in future years.

# Volleyball - Set For Success

The 1986 volleyball team had an energetic season. Coaches Betty Stewart and Ross Barlow helped the girls work as a team to conquer many of their opponents. On November 1, the team represented Flight B in the state volleyball tournament. This was the first time in many years that the volleyball team qualified for the state tournament. The Knights played a long, tough game, but their opponents

emerged victorious. The team was led through the season by Captain Laura Falconi. Laura and Reb McClure were both chosen to be on the first team Blue Hen All-Conference. The team will miss senior players Brigitte Anderson, Gretchen Ellison, Laura Falconi, Reb McClure, and Jennifer Singleton. Next year's players have hopes to equal or surpass the great accomplishments of this year's team

# Lady Knights Rebuild

The Mount Pleasant girls basketball team worked hard through a difficult season. The young team was led by senior starters Laura Falconi and Susan Needs. Joan Twaddell also provided talent and hustle in every game. All of the girls worked hard to give a strong showing in their games. Coach Willie Miranda will be looking for-

ward to the future with returning players: Sherry Varone, Traci Lilley, Marci Birkmeier, Joan Twaddell, and Freshman starter, Latessa Taylor. The team was greatly hindered this year by the lack of experience and depth on the bench. However with many returning players, the team is looking for a great season next year

# Boys Basketball Is Revived

After suprising everyone by reaching the quarterfinals of the state tournament last year, the boys basketball team was determined to show that its last-minute success was not just a fluke.

The team started out this season strong by winning the Caravel Holiday tourney with two impressive wins, and found themselves ranked in the News Journal's Top Ten

statewide.

Coach Alan Hart and assitant coach Joe Ellis enjoyed the returning skilled players, including Kim Randolph, Dwon Flowers, Jamie Soutar, and Dion Holloman. Dion proved to be one of the consistently highest scoring players in the state this season. Joining in the competition as starter was Kevin Footman, who transferred from Brandywine High School.

The team was only a few points from a super season, having lost several close games in the final exciting seconds. These included one point losses to Howard, McKean, and Middleton, all Flight B rivals.

Although their win-loss statistics are not spectacular, this year's team displayed a high level of drive and intensity which restored pride and respect to our basketball program.

# Swimming To Success

In spite of its size, the Mount Pleasant girls swim team had a terrific season. In October, the swimteam sponsored a well-attended dance as a fund raiser. Co-Captains Robin Koralek and Lisa Myers organized early this year and chose new swimsuits with the Sydney Opera House motif and caps which read "MTP". This gave

the team a sleek and uniform new look. With every member of the team working her hardest, the girls were able to finish with a five and seven record. From the newest freshman to the most experienced senior, the team worked together and should be proud of its accomplishments.

# Swimmers Stay Strong

With the help of Wally the Crab and Skeletal Raoul, the 1986-87 boys' swim team had a winning season. For a team in the process of rebuilding its strength, this is a source of great pride. New swimmers Jamie DeFrancis, Ray Horton, Aki Yonewa, Cory Bronson, Greg Baker, and Andy Lebeis filled the gaps left by last year's graduating seniors. Returning swim-

mers were John Prosceno (captain), Brian Warren, Steve Strohm, Ronnie Copolla, Sean Lugg, and Steve Chasin. At their last meet against A.I. DuPont, the team came dressed in Hawaiian shirts and Jams and brought surf boards and beach chairs. This was a celebration to end their season with only three losses.

# Wrestlers Have Successful Season

Under the skillful coaching of Mr. Brown, the Mount Pleasant wrestling team had a very successful year. Despite the fact that Steve Sproul, Scott Lee, Jon Wickersham, and Rick Frampton were all injured, the team help up and finished with an 8-6-1 overall record. The team was led by co-captains Brian Villanueva and Andy Baker.

After a rebuilding year last season, the wrestlers came back strong. The

hard work and dedication of the team members lead them to a second place finish in Flight B. Notable members of the team were Andy Baker, Jason Batt, Rick Lambert, Scott Lee, Shannon Lee, and Brian Villanueva. The majority of the team will be returning next year. The team will be losing two wrestlers-Shannon Lee and Dwaine Stanley when they graduate. It can be seen that this team has high hopes for next season.

# Winter Track

Winter track-this team may not be everyone's favorite to watch, but the school can certainly be proud of its accomplishments. The team, coached by Mr. Lanutti, practiced long and hard for its meets. Their workouts consisted of running outside in the cold and pool workouts. Many of the members of the team qualified for the state championships. Besides the weekly meets held at the Tower Hill Field House, some members of the team competed elsewhere. Mickey

Cassu, Randy Lambert, and Brian Murray went to the University of Maryland for a competition and Jennifer Singleton, Brian Murray, Randy Lambert, Quinetta Roberson, and Keytonia Goode participated in the George Mason Invitational. The members of the winter track team are not scored as a team, but each person competes individually. Jennifer Singleton set a state record in the triple-jump.

# Winter Cheerleading

The winter cheerleaders, under the direction of Ms. Mary O'Connel, cheered for many of the winter sports teams. The girls boosted morale at both boys' and girls' basketball games. To raise money, the winter cheerleaders sold refreshments at wrestling matches. The squad was comprised of all underclassmen, but many had cheered before. The girls had a fun season and were interesting to watch at basketball games.

## A.P. Courses - Taking On The Challenge

Mount Pleasant offers a variety of A.P. courses for the student who wishes to challenge himself. A.P. stands for Advanced Placement and along with the opportunity for a more extensive education, there is also the possibility of receiving college credits. Each May, the AP tests are administered. The scale ranges from one to five. A score of three, four, or five may be accepted by colleges for credit in

any given course. The AP courses offered here are AP Biology, taught by Ms. Greenstone; AP English, taught by Mrs. Fenicle; AP History, taught by Dr. Crum; AP Calculus, taught by Ms. Windolph; Modern European History, taught by Mr. Menser; French V, taught by Mrs. Sohodski; and the recently added AP American Government and Politics, taught by Mr. Emrich.

Dr. Crum and Miss Windolph are just two of our faculty members who encourage academic achieve-

ment through A.P. courses. In this way students may earn college credit while still in high school

# Drama - Being Directed By Mr. Shoemaker

The Drama Department has a new man in charge this year. Mr. James Shoemaker took over the job of teaching Drama to Mount Pleasant students this September. Mrs. Sherwood taught Drama last year, but with her departure, the school asked Mr. Shoemaker a question: Would he rather teach all English classes or teach English and Drama classes? Luckily for us, he chose Drama. His two Drama 1 classes are already producing two plays. His period 2 class is dramatizing a play by Lucille Fletcher, called "Sorry, Wrong Number." The play is about a woman who overhears a murder and is horrified when she discovers who the victim is. The play has an excellent cast with main characters Tracy Johnson as the terrified Mrs. Stevenson, Gwen Friday as primary phone operator, Tracy Abney as the

chief operator and Mac Phalan as Detective Duffy, along with a large cast of extras. Mr. Shoemaker's period 6 class is producing a romantic comedy by Gwen Pharis called "The Courting of Marie Jenvrin." Set in Canada, it is the story of a very unusual romance. The cast includes Stacy Walls as the girl, Marie Jenvrin, Scott Wilkes as the lovestruck Louis Hebert, Mike McTheny as the odious Mr. Dinsmore and Sidney Williams as miner Michael Lorrigan, the man Marie hates and loves all at once. Comedy and suspense are what this year's Drama classes are about, and Mr. Shoemaker has brought it to life with the help of a talented cast and crew. So to our new Drama teacher, we would just like to show our appreciation by shouting a heartwarming, "Bravo, Mr. Shoemaker."

# Freshmen Class Of 1990

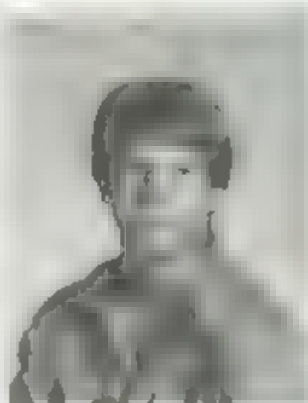

Have you ever noticed, when people ask what grade you're in, if you say "Sophomore," "Junior," or "Senior," they say "Oh" or "Really?" However, if you say, "I'm a freshman" they laugh and make fun. Freshmen aren't really the stupid, rambunctious nerds that people seem to think we are.

Freshmen have been a part of high school since they made junior high two grades. What would the sophomores, juniors, and seniors do with-

out freshmen to put down and push around? What would they do without us screaming and yelling while we run down the halls? Admit it, you wouldn't know what to do without us. Under the leadership of President, Meredith Lee; Vice President, Laura Hazewski; Secretary, David Wyke; Treasurer, Marvin Clark, we may be one of the best freshman classes Mount Pleasant has ever seen.

# Sophomores Class Of 1989

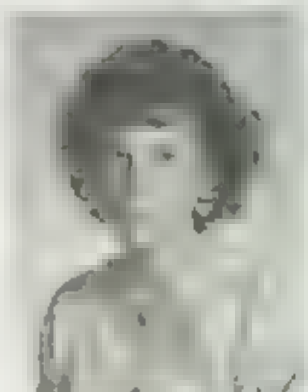

We've come a long way from those old freshmen days. This year's sophomores sure know how to show some spirit. How many balloons did you buy? It isn't clear what happens between freshman and sophomore years that precipitates the transformation from confused, lost, awkward and sometimes offensive freshmen to the more mature, less confused but never

offensive sophomores. Perhaps it's because we have had such fine examples to follow. Congratulations Juniors, your float was great. You must admit however, that ours was also very impressive. We've set our sights on next year. We have accomplished much this year and we plan to make the best of the years to come.

# Juniors Class Of 1988

As the winning Homecoming float is announced, screams of victory can be heard by this class, once again. This class is recognized at all pep-rallies by its exuberant cries and by evidence of confetti everywhere.

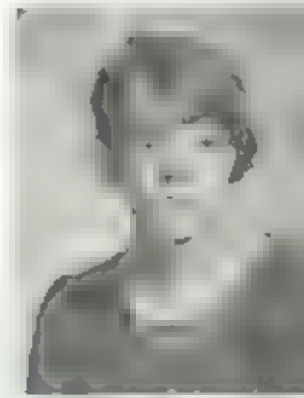

The class of 88 has always been tough competition for spirit contests. They have all worked towards their goal of winning that meritorious victory. Now, the reality of new goals sets in. SAT scores, colleges, majors and future jobs are concerns that juniors are beginning to seriously con-

sider. The question of "What do you want to do with your life after high school?" is never far from their minds. With the determination that the class of 88 has shown in their freshman and sophomore years, they'll be sure to fulfill their goals.

Now, as the juniors enter their last year of high school, they can begin to establish the foundations upon which their futures will be built. The juniors leave Mount Pleasant with pride, precious memories and, of course, a lot of confetti.

# Seniors Class Of 1987

Senior year is finally here. For three long years it has only been a dream. This is the year of finals, college applications, final sports games, the Prom, and most of all, graduation. This year marks the end of being a mere high school student. Soon it will be time to enter life in the "real" world. Long after the high school years have passed, there will be more than just a diploma left. There will be wonderful, eye-opening memories to look back on.

Mrs. Smith ably advised the senior class as she has done for many years. To raise money for the prom held on May 18, the seniors sold candy, cookies, magazines, and sweatshirts. The senior class officers are: president Tom Ward, vice-president Jamie Soutar, secretary Yvonne Houseman, and treasurer Scott Weaver.

Ms. Debra Greenstone

Mr. Robert Emrich

Mr. Robert Barfield

Editor-in-Chief Ann Kelleher

I would like to thank those people who helped me in putting together this book: Mr. Schrenker for all his ideas and layouts, Ms. Greenstone for her support (and typing), Mr. Emrich for his pictures, Anna Butters for the

Year in review, and especially Debbie Korant for suffering with me through it all. Without these people, as well as others, this book would not have been possible

# Year In Review

The 1986-87 year began with a flourish as America celebrated the centennial of the Statue of Liberty. This party of the century, hosted by New York City Mayor Ed Koch, ended with a 20-ton fireworks spectacular. Also celebrating were the New York Mets, who became baseball's champions despite their reputation for being bad boys.

Half-way around the globe, the Russians began to admit that human error was responsible for the catastrophic accident at Chernobyl atomic-power plant. The incident that occurred last April in the Ukraine caused more than 100,000 people to evacuate their homes due to radiation levels up to 2,500 times normal.

Back home it was a bad year for the White House. The October summit in Iceland achieved no breakthrough on arms control between Reagan and Gorbachev due to a stalemate over the Strategic Defense Initiative (Star Wars). Then, in early November, news of the Reagan Administration's secret talks with Iran leaked to the press. National Security Council officials had been meeting with Tehran leaders for more than a year and despite the strict arms boycott, U.S. military hardware was reaching the Ayatollah. Throughout the winter, the investigation would continue to untangle the web of intrigue that left the entire nation guessing what Reagan knew and when he knew it. For once, the Great Communicator's power of personality was useless as he was unable to quell the furor over Iran. Donald Regan, Chief of Staff, John Poin Dexter, National Security Advisor, and Oliver North all came under the spotlight of the Congressional investigation committees.

The violent spread of AIDS has scientists working against time to learn about the disease and hopefully learn how to prevent it. Surgeon General C. Everett Koop issued his own words of advice on how to prevent the spread of AIDS. The current death toll in the U.S. is 15,000 and expected to rise to 180,000 in the next 5 years. Among the people claimed by this virus in the past year was the famous performer,

Liberace

Other celebrities who died include James Cagney, actor 86, Cary Grant actor 82; and Benny Goodman, musician, 77. Perhaps the most tragic of all deaths were those of the Challenger crew members. The fated flight which ended after 73 seconds on Jan. 28, 1986 took the lives of all seven crew members including teacher-in-space Christe McAuliffe. Several hundred lives were also taken by continued terrorist violence and by a seeming rash

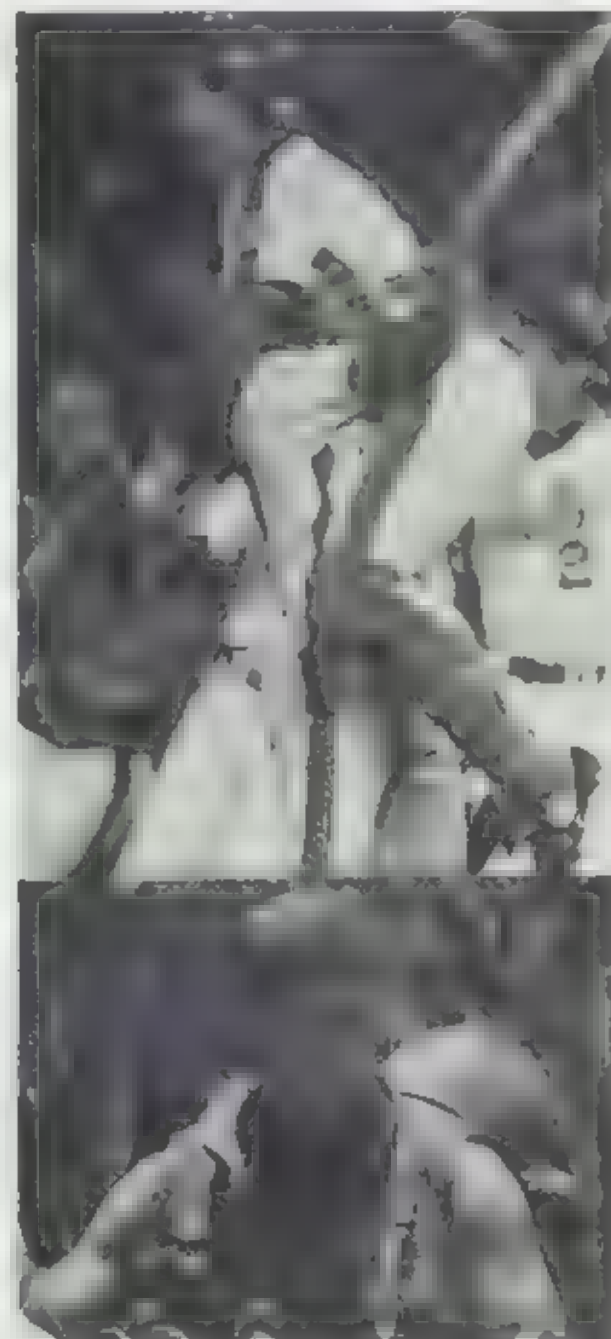

of airlift accidents. South Africa also witnessed many deaths due to the violence between police and black protestors over the continuance of apartheid.

America fared well in the yachting world. In February, Dennis Conner, captain of the Stars and Stripes, became the first man ever to win back the America's Cup after losing it four years before to the Aussies. In a decisive 4-0 victory over the Australian defender Kookaburra, he reclaimed

the Cup. Also in sports, the New York Giants won the Superbowl and had to then decide if they would celebrate in New York or New Jersey.

Corazon Aquino strengthened her claim to being President of the Philippines in early February when she risked everything to allow the country to vote on the new Consitution. The overwhelming vote for the Constitution gave her position new strength. On a mission to Lebanon, on Jan. 20 Aglican envoy Terry Waite disap-

peared, while trying to negotiate a release for currently held prisoners. In its frustration over events, the Reagan Administration ordered all U.S. citizens out of Lebanon and strengthened its naval presence in the Middle East.

Probably one of the youngest to make the national news this year, Baby M is involved in a custody suit between her surrogate mother and her donor father. After being artificially inseminated, the surrogate mother carried the baby and then decided that

she wanted to keep the baby instead of turning Baby M over to the parents who made the contract. Also in national news was the continued climb of the Dow Jones Industrial which reached 2,200 and the portrayal of the Vietnam War in the hit motion picture "Platoon".
